VOLUNTARY ANNOUNCEMENT COVID-19's IMPACT

This announcement is made by DYNAM JAPAN HOLDINGS Co., Ltd. (the "**Company**") on a voluntary basis.

In the face of the expansion of COVID-19, the central government of Japan has issued the third state of emergency declaration in April 2021. Thereafter, the governors of 10 prefectures requested various business sectors to suspend business operations or shorten the operating hours. Also, people are requested to refrain from certain activities.

In addition, with Japan lagging behind other nations in its COVID-19 vaccine rollout, the recovery of our operating revenue has stayed at the range from 70% to 80% of the operating revenue of the preceding financial year.

As for the prospect of the Company's financial results for the current financial year, it is expected that we will make more profit than in the previous financial year. However, as the prospect of the Company's financial results for the current financial year is still unpredictable, the Company is not able to report any specific financial figures.

We have taken measures to reduce various costs and we will continue to do so going forward. Through our efforts to lower the break-even point such as productivity reform and restructuring, we have changed our business model. Therefore, even if the economic environment does not improve and the situation continues where it is unlikely to increase the operating revenue, we are able to secure stable earnings.

By order of the Board
